About Us

[About](#) [History](#) [The Sam Veros Story](#)

Founded in 1930

THE FIRST NAME IN CARGO PROTECTION THE LAST IN SECURITY™

Babaco® was established in 1930 called the **Brooklyn Automobile Burglar Alarm CO**mpany known today as BABACO®. For the past 80 years, the now famous black and yellow Babaco® sticker has become a clear symbol of vehicle security and sends the message to would be thieves to move to the next vehicle.

Today Babaco® is still selling alarm systems for commercial vehicles and has extended the company's product line to protect cargo from the time it enters the warehouse until a signature is captured to establish customer proof of delivery. Babaco® manufactures a substantial portion of the product line and holds patents on several innovative products sold exclusively by Babaco®. Today BABACO®, Inc. has representatives in over 200 cities throughout the US and Canada. We are proving our slogan to the world: "The most trusted name in cargo security!"

Cargo is vulnerable. Products go missing from inventory on a daily basis. Trucks and trailers are broken into or products go missing. Refrigerated cargo can be stolen and be compromised if temperatures are not maintained. Customers often claim they did not receive products or that products were delivered damaged. Let Babaco® help protect your cargo and your bottom line using the latest technology and proven products that have helped to secure cargo for tens of thousands of customers.

Lower Insurance Costs

One of the great benefits of our complete cargo protection system is money-savings due to lower insurance costs. Using our alarm systems may qualify you for lower deductibles.

BABACO® Alarm Systems are:

- Approved by many cargo insurance underwriters
- Listed by Underwriters' Laboratories
- Recognized by law enforcement agencies to reduce theft

BABACO® SERVICE GUIDE

About BABACO® Alarm Systems

Babaco® Alarm Systems offers a full line of cargo security locks and alarms, as well as, our line of GPS tracking products and smart I/O devices. We are innovators and our technology is tightly integrated allowing us to provide you with the means to monitor and secure every movement your vehicle makes and every action taken by your driver while operating the vehicle. Babaco® Alarm Systems is committed to building lasting relationships with our customers, that means ensuring that you become knowledgeable about and understand all the security issues that can present while your trucks are on the road. We then work directly with you to develop a comprehensive package catered to the specific needs of your company.

Company History

Babaco® Alarm Systems has been in the cargo security industry since 1930, that is over 80 years of proven experience and reliability. From our humble beginnings of protecting vehicles from jewelry heists to now protecting any cargo on the road, our famous logo is found on over fifty-thousand trucks throughout North America and has become the most recognized symbol of cargo security nationwide. Today Babaco® Alarm Systems manufactures a substantial portion of the product line, holds patents on several innovative products sold exclusively by us and has representatives in over 200 cities throughout the USA and Canada. Everyday we set out to prove our slogan to the world: "The most trusted name in cargo Security!"

Automatic Alarm Systems

Don't be a victim of cargo theft, our alarm systems feature...

- Independent battery source in a tamper-proof enclosure
- Motion sensitivity management to help eliminate false alerts
- Cab, hood, cargo, parts and tool areas are protected
- Integration with Babaco® GPS to provide real time alerts
- ALWAYS ARMED & READY TO PROTECT

Automatic Locking Systems

Don't let forgetfulness cost you, our locking systems feature...

- A variety of models and configurations
- Proven tough and durable materials used on all locks
- Locks are designed to use very little or no cargo space
- Our keys cannot be duplicated anywhere but Babaco®
- LOCK AUTOMATICALLY LEAVING NOTHING TO CHANCE

GPS Tracking Systems

Don't lose track of your cargo, our GPS tracking systems feature...

- Accurate mileage reporting +1%
- Accurate location reporting
- No lost data or daily backlogs
- Full data exchange with in-house Legacy Systems
- GUARANTEED DELIVERY OF DATA IN BOTH DIRECTIONS
