- Australian Patent No. 742686
- Canadian Patent No. 2288026
- Protected as a Community Design, No. EU9516/ROD No. EC39516

X-CROSS® BANDAGE

Our feet depend on the fine tuned interaction of tendons, ligaments, muscles and joints. One careless step can be enough to destroy this experienced team. Therefore the ankles require extra protection without inhibiting the foot's freedom. This is why we invented the X-Cross® Bandage. It is a cross ankle bandage knitted from elastic material, it stabilises the ankle and optimally supports the foot's function.
