VITAflex®

Patented magnetic spiral magnet combining ferrite material with rare-earth components providing for an extremely strong magnetic field at the surface (> 1200 Gauss). The VITAflex® technology is the next generation of BIOflex® technology. Constantly improved in our R&D lab facilities in Germany.

VITAflex® is our PREMIUM brand for the high-end technology in wellness and sports applications!

Magnetic spiral with ferrite and rare-earth material

OUR COMMITMENT

focus on our customer needs in the INDUSTRIAL,
COMMERCIAL, RETAIL and WHOLESale markets for plastic
bonded permanent magnets at the highest quality level for a wide
range of applications.
