Molex C-Grid Connector System

C-Grid

C-Grid III™

C-Grid

Molex C-Grid® Connector System is a dual row, wire-to-board system. The system includes: vertical and right angle headers in breakaway, shrouded and dual-body styles; vertical and right angle receptacles; headers and receptacles for SMT applications; press-fit headers and a 2-circuit shunt completes the C-Grid product line. The C-Grid® Connector System has the ability to mate with SL and KK® products. The Molex C-Grid® Connector System is suitable for low power signal applications such as computers, medical instruments, and automotive controls.

Features and Benefits

[View Product List](#)

2.54mm pitch C-Grid® products combine	Largest number of variations and cabling configurations in the industry
FFC and IDT assemblies pre-assembled	Ease of use
Press-fit compliant-pin, low-profile, latching vertical- and right-angle headers	Design flexibility

Applications

- Automotive
 - Audio, navigation, infotainment
 - Car LCD panel
- Consumer
 - Microwave oven, washing machine, white goods, etc.
- Data/Communications
 - Desktop computer and motherboard
- Medical
 - ECG or EEG machines
 - Respirators
- Networking
 - 1U rack box
 - Blade and rack-mount server
 - Router/Switch
 - Storage rack
