

Your breakthrough starts here

Assay kits, reagents and antibodies for your next discovery

e.g. p53, IL6 ELISA, inhibitor, or western blot

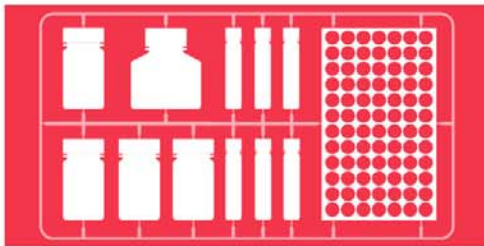

Abpromise guarantee

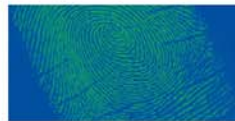

Worldwide delivery

Global scientific support

Easy to follow protocols

Rely on the antibody experts for the best immunoassay kits – see why

Make your mark in epigenetics research: explore tools for successful experiments

Get to the root of neurodegeneration: explore our poster

Become a fluorescent imaging expert with our training series

Quickly set up your multicolor flow cytometry experiment with our guide

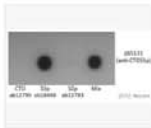

Video protocols: let our lab team take you through common procedures

Heading to SfN? Take a break from the talks and join us at the booth
