myprivacy®
FROM REPUTATIONDEFENDER

Remove your private information from the web

Included in your membership at no additional cost, MyPrivacy® monitors and removes your personal data online, not just once, but on a continuous basis.

- Stops people-search sites from exposing your data online, including your address, phone number and birth date
- Helps remove your personal information from prominent databases and the broad network of sites that sell it
- Reduces up to 80% of unwanted direct mail and email offers

Activate Now

Take advantage of MyPrivacy® by activating now and receive the following benefits:

Continuous Monitoring

MyPrivacy® routinely checks to make sure your information hasn't been repopulated by data aggregators, and wipes it clean on an ongoing basis.

Personalized Dashboard

A complete look at how we guard your online privacy. Manage and monitor your personal data removal, unsolicited mail, email opt-outs and more.

Manage Your Opt-Outs

Direct access to top opt-out sites including the Do Not Call Registry, Epsilon and more. Keep track of sites you've opted out from.

Identity Protection

Helps guard your personal information and identity from sites that publish this data without permission.

Click the button below to activate and start using MyPrivacy® today.
