About SpeedTech Lights

Here at SpeedTech Lights, we are committed to providing each of our customers with the highest quality products and customer service. We have a wide variety of equipment for emergency vehicles, including light bars and sirens for police cars, fire trucks, construction vehicles, and any other use. As you browse through our website, you will see that we offer the most advanced technology, high quality equipment, and innovative designs for all of your emergency vehicle lighting needs.

One of the advantages of our emergency LED lights is that they require little power, but you don't have to sacrifice the effectiveness of the product. You can rest assured that you are purchasing high quality products, and you are protected by a solid 2 - 5 year warranty depending on any product that you purchase.

Benefits of SpeedTech Lights Products - Performance You Can Trust, Quality You Can Afford™

We have worked hard to develop high quality emergency lighting that meets every situation. You will see that our lights offer a non-volatile memory, making it easy for you to choose your favorite flashing pattern without having to reset the unit later on.

Our mission is to make sure that you are completely satisfied with your purchase. These are the points that we focus on in our company mission:

- Conduct business ethically and with integrity
- Carry powerful products of the highest quality
- Offer our units at an excellent and affordable price
- Provide customer service that exceeds expectations
- Establish trust between customer and STL

We value professionalism and honesty among our team and customers, and we work hard to ensure that we are providing each customer with high levels of expertise. Our goal is to provide every customer with the emergency vehicle lighting and accessories that they need. At SpeedTech Lights, we know that our customers are our greatest asset, and we run our business in a way that best serves the needs of our customers.
