Manual Wheelchairs / QUICKIE® / Sports Wheelchairs / Quickie® Attitude

# Attitude

Transform your Quickie rigid model wheelchair into a high-performance hand bike in seconds!

The manual Quickie Attitude add-on hand bike is a lightweight complement to the Quickie rigid model wheelchair that delivers the freedom of recreational biking. The Attitude hybrid-electric model offers users the option of powered propulsion.

Find out more about both the manual and hybrid Quickie Attitude here.

Starting from \$3895

### Give your Quickie an Attitude, and start hand biking today

With your current Quickie rigid model wheelchair, enjoy all the health benefits of hand biking including improved strength, stamina, and cardiovascular fitness, plus an exhilarating, secure riding experience. With the addition of only two pins, the Attitude hand bike effortlessly docks with the following Quickie rigid models:

- Q7
- 7R / 7RS
- SR
- QRI
- GP
- GT
- Quickie 2 Lite (fixed frame)

### Quickie Attitude Hybrid

The Attitude Hybrid combines all the health benefits of manual biking with the reliability of powered propulsion. Helping to reduce fatigue, the electric motor can be engaged whenever you encounter a challenging hill climb, or just to provide that extra power when you need it.

Attitude Hybrid starts at \$5,995

### Lithium-Ion Battery and 250 Watt Motor

The Attitude Hybrid has a 14.5 Ah lithium-ion battery for improved range, and a display indicating the battery capacity remaining. Mounted in the wheel hub, the powerful 250 Watt motor is ideal for taking on hilly terrain or longer distances.
