Introducing the Wrath Recoil Disposable Tubes. Designed for the artist looking to lower their carbon footprint, it features an all stainless steel grip with a modern feel of a stainless steel tube. Perfectly balanced and weighted to fit well in hand, it's ideal for artists looking to pair up with our Envy/Enso needles.

Premiere Design

Weighted design for increased balance and low vibration

Substantial Construction

Full stainless steel construction allows a firm yet comfortable in-hand grip

Recyclable

Full stainless steel construction is fully recyclable at participating recycling centers. Contact your local recycling center to confirm that they accept metal that may contain bloodborne pathogens.

Optimal Performance

Perfect when used with Tatsoul Foam Grip Covers. Grips offer better shock absorption in combination with the low vibration coil design during use

Options

Available to purchase solo or as a combo with the Wrath Foam Grip Covers

Package Contents:

10 Tubes/Box Tubes individually packaged and sterilized by Ethylene Oxide Gas

TATSoul is proud to introduce a revolutionary **patent pending** disposable large mag tube. These shovel magnums provide the best inkflow and have an amazing low profile tip that every artist has been craving for.

Vortex Grip (1.25")

Constructed from a patented gel-like material, our Vortex Grips provide maximum comfort and shock absorption. Unlike typical rubber grips, our Vortex grips are custom molded directly on the tube to prevent any 'spinning' during tattoo sessions. This is the first of its kind for large mag tubes.
