100. About the Quick Start Guide

This Quick Start Guide is intended to walk you through the process of using Crest for the first time. This guide is intended to help you become familiar with Crest, and it does not cover every function available. For more in-depth information and instructions about a particular screen in Crest, you can click the **Help** icon in the dark blue title bar to view Help Topics related to that screen.

Steps for Using Crest for the First Time

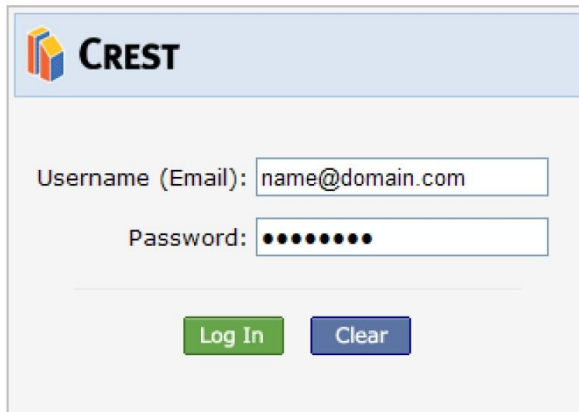

The chapters in this Quick Start Guide will cover the following steps:

1. Log In
2. Import ALERT Data
3. Adjust Data
4. Perform Data Integrity Check
5. Create Stress Factor Settings
6. Run Stress Test and Print Reports

101. Log In

To log in to Crest, go to the following web address: <https://crest.bankerstoolbox.com/>

The login screen will appear. Enter your email address and password and click **Log In**.

The screenshot shows the CREST login interface. At the top left is the CREST logo, which consists of three colored blocks (yellow, blue, red) forming a stylized 'C' next to the word 'CREST'. Below the logo, there are two input fields: 'Username (Email):' with the placeholder text 'name@domain.com' and 'Password:' with a masked password of ten black dots. At the bottom of the form are two buttons: a green 'Log In' button and a blue 'Clear' button.

If you do not know your email address or password, contact your administrator or Banker's Toolbox personnel.
