KULZER
MITSUI CHEMICALS GROUP

Personalized professional whitening

Three levels of whitening

1 Venus White Max

In-Office Whitening

- Three or four 15-minute treatments with 38% hydrogen peroxide gel
- Syringe-to-syringe mixing chemically activates the product, ensures a thorough mix and provides maximum freshness
- Contains potassium nitrate, which helps decrease sensitivity associated with bleaching
- To keep teeth white, follow with Venus White Pro custom take-home trays or Venus White Ultra pre-filled, disposable whitening trays

2 Venus White Pro

Take-Home Whitening for Custom Trays

- Custom whitening trays take a patient's smile up to 8.4 shades whiter with virtually no sensitivity*
- Contains potassium nitrate, which helps decrease sensitivity associated with bleaching
- 3 strength levels available: 16%, 22%, and 35% Carbamide Peroxide.
- Sticky, viscous gel is mint flavored for patient comfort
- Full Patient Kits, Refill Kits and 50-Syringe Packs available
- To keep teeth their whitest, Refill Kits should be used for touch-up every 6–12 months

*Results may vary. Data on file.

Venus White Pro is proven to whiten teeth up to 8.4 shades with virtually no sensitivity!*

Venus White Pro Sensitivity Study Results

Average sensitivity ratings below "2" representing virtually no sensitivity

3 Venus White Ultra

Pre-Filled, Disposable Whitening Trays

- Convenient entry-level whitening provides unique business opportunities and opens doors to more advanced options
- Each disposable tray is pre-filled with mint-flavored 11.2% or 15% hydrogen peroxide gel
- Once-a-day treatment for up to seven days
- Visibly whiter teeth in just three days
- No chair time or multiple visits required
- Ultra thin—designed to mold securely around each tooth for maximum comfort
