Details

WÜSTHOF'S best-selling collection for generations, CLASSIC full-tang knives are precision-forged from a single piece of an exclusive high-carbon stainless steel. CLASSIC knives feature a new handle design made of a highly durable synthetic material – Polyoxymethylene (POM) – which has a tighter molecular structure to resist fading and discoloration.

Product Highlights:

- Precision-forged from a single blank of high carbon stainless steel
- Full tang that is triple riveted to the handle for precise control
- Precision Edge Technology (PEtec) yields a blade that is 20% sharper with twice the edge retention.
- Comfortable and highly-durable polyoxymethylene (POM) handle with a traditional look and feel, stickered with our red Trident logo
- Full bolster and finger guard

SHOP THE LINE

Classic

Wüsthof's best-selling collection for generations. The traditional forged Classic series offers the widest range of cutlery that can satisfy every home cook or professional chef.
