BEST COOL SHIRT

I am a Die hard EIS fan. I've tried numerous cool ing shirts and nothing compares to EIS. They actually keep you cool. I've switched from a tee shirt to an EIS shirt midday and there was a huge difference! As someone with fair skin, I need to be very conscious of my sun exposure. I've been wearing these shirts daily for years and have never gotten burnt when wearing them (my dermatologist thanks you). They're an appropriate length and don't ride up when you tuck them into breeches. With all the fun colors and patterns what's not to love?!

LOVE THIS SHIRT!

I love all my EIS cool shirts they are fantastic at keeping me cool in the warmer weather but I also enjoy wearing it when it is cooler out. This colour is so fun I love wearing funky coloured tops when I ride!

MY GO TO

I own 4 of these shirts and they're my absolute favourite! Nothing else worked when it was +50 with the humidity to keep me from melting

PERFECT FOR SUMMER!

These are my favorite shirts to wear during the summer, but especially XC schooling and as part of my show gear!! It's super breathable and helps keep me cool, and I never feel restricted in it
