Paddleboy™ ATC All-Terrain Center Cart - black

Paddleboy™ ATC is a great center cart for loaded canoes and kayaks, john boats, and other larger crafts, including dinghies and Lasers. The heavy-duty powder-coated steel frame breaks down nicely for low profile storage. New airless wheels are flat-free and vibration reducing, with solid urethane tires. A spring-loaded, extra-stable kickstand, adjustable padded top bars, and included cinch strap complete this super heavy-duty cart. The ATC has a 300 pound capacity.

\$194.95
