

# Power Up Your Possibilities

NCTC's Broadband Solutions program provides operators with big savings on IP transit, transport (point-to-point), managed home Wi-Fi, and smart home services.

With 35+ years of experience working on behalf of independent pay-TV and broadband providers, our members know they can trust NCTC to negotiate with carrier and CPE partners to get lower rates, better terms and dedicated support.

**You've got a network to run. We've got your back. Contact us today to talk about your network needs, and get a confidential, no-obligation quote.**

## Member Benefits

### NCTC has the right solution

We help you navigate the ever-changing broadband roadmap with technology partners committed to serving our members.

### NCTC works for you.

Contact us for a consulting appointment and we'll put together a quote based on your unique network needs.

### Group Purchase Power!

You get lower rates because NCTC negotiates on behalf of 700+ independent pay-TV and broadband providers.
