The tweezer I received has yellow and green stripes and isn't nearly as good as the metal one I bought before from Body Shop. Sorry I bought it.

SLANTED TWEEZERS

I have purchased many tweezers over the years with great disappointment. They never seem to grab the small hairs properly or the fine hairs under the eyebrows. These tweezers work great. Have no problem grabbing on to any hair be it fine or thick.

the picture online is not accurate. the tweezers have the new, weird printed body shop design on them, which is not pictured online. pretty disappointed with this. otherwise a good item.
