

Metronome™ Trestle

#METROPOLISlikes

Metronome™ Trestle

[Overview](#) [Resources](#) [Finishes](#) [Gallery](#)

Metronome™ Trestle is a collection of less formal, typically standing height boardroom tables for meetings, collaborative work and use as a touchdown station. The design premise was to design a simple but beautiful product that combines the strength of a metal frame with the softness of a wooden leg. With expressive metal low bars, top in either wood veneer or plastic laminate, and a central wood chimney for tidy wire management, it's an elegant and practical solution for a variety of office environments.
