Issued: August 3, 2004

Law Office: 113

Mark: SYNGENE

REQUEST FOR CORRECTION

POST REGISTRATION BRANCH

Commissioner for Trademarks

P.O. Box 1451

Alexandria, VA 22313-1451

Sir:

Pursuant to Section 7(g) and 7(h) of the Trademark Act, Registrant respectfully requests a correction to Registration No. 2868233 issued on August 3, 2004.

During prosecution of the application, the Examining Attorney inserted the language “microscopes and spectroscopes” at the beginning of the identification. There is no such thing as a “spectrocope” and if “spectroscopes” was intended, the spelling should be corrected, at a minimum.

In addition, however, “microscopes and spectroscopes” is not the accurate language. Registrant respectfully requests that the phrase be replaced by “electrophoresis gel documentation and analysis apparatus.” The identification of goods would then read, in its entirety, as follows:

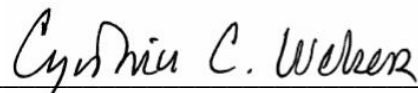

-- Laboratory equipment, namely, electrophoresis gel documentation and analysis apparatus comprised of optical components, namely, cameras and lighting, and computer hardware and computer software for the acquisition, viewing, archiving and analysis of DNA,

RNA, protein and chemiluminescent gel and blots in the field of biotechnology, namely, charged coupled device video cameras, cooled and non-cooled cameras, ultra-violet and white light transillumination lights, broad band filters for fluorescent applications, electrophoresis apparatus and instruments consisting of gel tanks and power supplies; and parts and fittings for all the aforesaid goods. --

It is not believed that the requested correction is a material change. It is a more accurate description of the goods. Favorable action is respectfully requested. Please charge the U.S. Patent and Trademark Office fee of \$100 to the undersigned's Deposit Account No. 19-4880. Please charge any deficiency or credit any overpayment to the undersigned's Deposit Account No. 19-4880.

Even if the request for the change in language is refused, correction of the spelling of spectroscopes to "spectroscopes," which was Patent and Trademark Office error, is respectfully requested.

Respectfully submitted,

Cynthia Clarke Weber
