Turn Customer Reviews

“Was curious to see if this was everything it made out to be and so far so good. Process was easy, got approved quickly and got the car dropped off to me. Had to provide proof of liability but everything was smooth and easy. ”

- HBPugs, Huntington Beach, VW Jetta

“Turncar is amazing. Yes, the cars are not new - but since they are backed by Daimler-Benz, they pick only mint condition expired lease cars. ”

- LASCandis

“The app was simple to use. I wanted a GLK for a few months and didn't want to commit to a long term contract, I picked the car and uploaded my documentation and was approved. They delivered the car and I signed the agreement. Car was in amazing condition. ”

- FMEG, Irvine, GLK 350
