Solder Fast™ for Silver

Item Number: 503041

Sub Head: Syringe

Description: Solder safely with lead-free, cadmium-free Solder Fast™ paste solders. Paste formula is free-flowing at very low temperatures from the heat of a soldering iron or torch and creates a clean, tarnish-free, silver-colored joint.;Ideal for use with all non-ferrous metals except aluminum. Extremely strong final joint is silver-colored. • Special flux formulation eliminates additional fluxing; no pickling is required. • Suitable for professional jewelry work or craft projects. • Solder up to 144 ear posts with the 1/2-oz. syringe. • Important: Use Solder Fast™ in a well-ventilated area. Any low-temperature solder may release toxic fumes if overheated. An MSDS is available by request.

Sold as each.

Specification: 1/2-oz. . • 96% tin, 3.5% silver, 0.35% antimony and a flux agent.; • Tensile strength: 10,000-25,000psi.; • Flow temperature: 430°F (221°C)

Made in USA

Select Size: 1/2-oz syringe
