## Crackling Fire® PINK

*Begonia Hybrid*

- FLOWER CONTINUOUSLY UNTIL AUTUMN FROSTS
- SELF-CLEANING AND LOW MAINTENANCE
- DROUGHT RESISTANT

Part to  
Full Sun

Flowers  
Spring to Fall

**Features:** Plants will bloom from spring until Autumn frost. Plants are very tough, self-cleaning and always in flower.

**Uses:** Crackling Fire® begonias are versatile bedding plants that can be used for patio pots, window or balcony boxes and for planting soil.

**Care:** Water when soil becomes too dry as Crackling Fire® does not like high humidity. It can receive a lot of light and hardly needs shade.

**Fertilize:** During the flowering period.
