DIGITAL BATHROOM SCALE  
with Weight Change Detection Technology

- New Weight Change Detection Technology displays the net change of your current weight from your previous recorded weight in GREEN for weight loss and in RED for weight gain.
- Uses 4 high precision GX sensors that weigh up to 440 pounds (200 kilograms) in 0.2 lbs or 0.1 kg increments.
- Award-winning design features an oversized platform made of impact-resistant tempered glass.
- New StepOn™ technology captures the weight of the user without any contact (no tapping required).
- Convenient Unit Button to switch between lbs, kgs, and st.
- Auto-calibrated and automatically turns off to conserve battery life.
- Includes a FREE Body Tape Measure & Body Fat Calliper.
- Runs on 2 AAA batteries for better performance (batteries included).
