

Here is my story.

programs

mission Lindquist Apartments

about us
contact us
 Lindquist provides permanent, sober, supportive housing for youth and young adults. Residents receive intensive case management and assessments to assist them with setting and reaching their goals.

employment
 Health Realization enables residents to create and define their own goals and direct their own Individual Support Plan.

programs
 Project Potential
 Juvenile Supervision Center
 Independent Living Skills instruction helps support residents in obtaining and strengthening the tools necessary to live independently, such as cooking and money management.

In 2007

- 84% of Lindquist Residents were homeless and 70% were disabled upon entry.
- 95% of the Lindquist residents with relapse prevention plans have maintained their sobriety throughout their year of living at Lindquist.

news

events

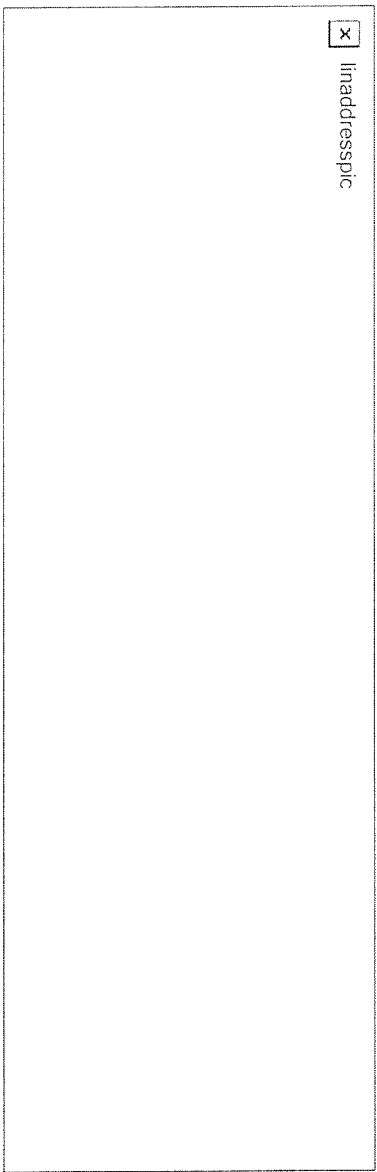

links

- 80% of the residents without their diploma or GED were working towards completing that.
- 55% of residents were employed at least part-time.

Here are some of the things residents had to say about their experience with Lindquist:

- "Lindquist provides me with a chance to live a better life"
- "Lindquist staff go above and beyond expectations and help people out"
