Quiet Stopping Power and Durability

WAGNER **EDGE**

Wagner Brake Products, the world's leader in brake pads™, now introduces EDGE™, the complete quiet solution. Offering laser-shaped friction, patented integrated insulator and Silent Guides™, it is the most advanced brake technology available today. For more information, please click the link below:
Wagner EDGE Brake Pads

Wagner provides replacement brake pads and shoes made with the platform-specific friction materials the manufacturer originally put on your vehicle. Vehicles have different braking requirements; Wagner friction materials offer the application-specific formulas and designs to deliver the ultimate stopping power and durability with minimal brake noise.

WAGNER **EDGE**

The Complete Quiet Solution™

▲ **Laser-Shaped Friction**
Customized for You

▲ **Silent Guides™**

Unique pad installation clips with sound-dampening coating reduces pad movement and isolates brake vibration from vehicle.
