

THE GrandStand Anti-Fatigue Mats

GRANDSTAND

- Grandstand was developed to give a significant advantage when competing with a polyurethane product. The challenge was manufacturing a softer mat with the necessary rebound properties while maintaining the wear characteristics that are the hallmark of Rhino Mats.
- The elastic properties of Grandstand foam in combination with the Performance Rated Polymeric top surface gives the GrandStand mat a buoyancy and bounce that resemble the natural springiness of walking on a fresh mowed lawn.
- Every foot movement on a GrandStand mat is absorbed by the GrandStand Microcellular Foam base to reduce any Impact effects. It springs back to deliver that small amount of energy back to the feet and provides a vitality that stimulates good circulation, the essence of a healthful life.
- The GrandStand rebound properties and resiliency are backed by a five year performance guarantee.
- GrandStand anti-fatigue mats are a full 3/4" thick, double the thickness of ordinary mats.

GRANDSTAND		
Stock No.	Size	Weight Ea.
GS-2436	2' x 3'	9.0 lbs.
GS-3560	3' x 5'	23.0 lbs.
