Meltwater Drive is an intelligent, online collaboration environment that enables individuals to work more efficiently with their colleagues, partners and clients. With this cloud-based solution, users can improve productivity through a centralized Web portal where they can share project resources and communicate with key stakeholders.

Meltwater Drive was designed for simplicity and ease of use. The Meltwater Drive's customizable services and solutions enable effective and efficient collaboration, communications, file sharing and project management to meet the needs of organizations of all sizes and ensure secure access from any Internet-enabled device.
