Simplicity™ Sharps System

Needle counters are not being closed because there is a possible risk of injury.

11.3% of sharps injuries occur during disposal*

Features & Benefits

- Unique patent pending design reduces the chance of accidental sticks associated when closing a traditional needle counter box
- Convenient Thumb holder distances hand away from the sharps during transport to a sharps container
- Easy to read numbers and space to facilitate correct count of sharps
- Foam block aids in securing suture needles and performing accurate counts
- Supports hospital in reducing their regulated medical waste
