

PLAYER SLX™ SLANT GAMING CABINET

Multimedia Games' *Player SLX* Slant Gaming Cabinet provides ultimate player comfort and a sleek design meant to enhance player gaming experience and provide an improved line of sight across the casino floor. The traditional video top box found on the Multimedia Games' *Player HD* Gaming Cabinet has been added as a standard option to heighten game play, animation, and player bonus experiences. The cabinet features dual 23-inch LCDs (in the main cabinet & top box) and an additional LED light bar to further enhance player experience.

Modern meets comfort.
