Timing is CRITICAL! If you want the full advantages that protein and carbs offer, timing your intake after exercise is extremely important, especially if rapid recovery is your goal. The rate of glycogen refueling, muscle tissue repair, and muscle building can occur in hours not days.

F3™ Nutrition's **REBELLION™** Post-Workout helps an athlete manage their recovery time after surviving the day's competition. F3™ Nutrition's **REBELLION™** shake was developed in partnership with top University sports nutrition scientists to select unique ingredients that deliver precise results, enabling athletes bodies to recover from strenuous training and competition like never before.*
