DESCRIPTION

LEAVE NO TRACE

CLEAN GETAWAY works quickly to force out bacteria and dirt, leaving no trace but an invisible protective barrier of hydration. Use morning and night to wash away grime, minimize pores, and smooth the skin's surface.

BEST PRACTICE

Two pumps will do the trick. Rub both hands together and massage onto damp face, chin and neck. Rinse to complete.

KEY ACTIVATORS

A supreme team complete with the nourishing power of Allantoin and Vitamin B5, the illuminating extracts of Green Tea, Olive, and Rooibos Tea, and the deep exfoliating boost of White Willow Bark.

GROOMING TIP

The first step to every great shave is preparation, which comes in the form of cleansing your face. CLEAN GETAWAY helps eliminate dead skin, rebuke ingrown hairs and bacteria, while creating a clean surface for your razor. The most common cause of razor drag and unnecessary nicks is a dirty face covered in buildup.

100% natural and free from artificial fragrances and colors

Safe for all **MAN**kind

GREAT PRODUCT

This product is great compared to other stuff I've tried. The ingredients are what caught my eye initially and they didn't disappoint. I use it before my shave in the morning and in the shower at night.

GIRLFRIEND LOVES IT

I've never used a face wash before but now I know that it can make a huge difference. My skin is really soft and apparently I'm "glowing" according to my girlfriend. thanks!
