Beautiful images – The Bing app brings you a new, beautiful, and immersive image each day.

Description

Designed for Windows 8, the Bing app puts search at your fingertips. Whether you want to tap and swipe or click and type, the Bing app makes it easy for you to find the information you need to move from searching to doing. Install the app today to see how Bing delivers the best search experience on Windows 8.

Features

- Search – Designed for Windows, the Bing app finds and organizes the information you need in a visual, touch-friendly interface, so you can move from searching to doing.
- Image of the day – The Bing app brings you a new, beautiful, and immersive image each day and allows you to easily browse the seven most recent Bing daily images.
- Rich image search – Bing helps you find and view images from across the web. The collage view lets you quickly see several images at once.
- Snap view – Snap view makes it easy and convenient for you to navigate results and quickly find the information you need.
