

The Leading Provider of In-Office Diagnostic Testing

Frontera provides physicians with a complete range of mobile diagnostic services to help accurately diagnose disease or identify a preventive course of action. Frontera brings the diagnostic expertise of heart, lung, vascular and neurological specialists into physicians' offices. Making it easy for doctors and their patients, we use the latest equipment, clinical expertise and processes to help make patients healthy and physicians' practices healthier.

Bariatric

Frontera provides pre- and post-operative cardiac and vascular risk assessments in the bariatric surgeon's office.

Helping Cardiologist Provide Better Care

Frontera is the leading provider of in-office diagnostic testing services. We have partnered with over 2,000 physicians across Texas and Oklahoma for over a decade - we pride ourselves in exceptional service to both physicians and their patients.

Frontera's In-Office Diagnostic Testing Services

Frontera provides the equipment and the staff to perform the tests, and provides the results for you to read. Frontera maintains all overhead and employee benefits, generating additional passive revenue for your practice.

Test Results in 3 Days or Less

Tests are interpreted and results provided back to you within 3 business days or less. Our reports will help you determine the best course of action for your patient.
