SERVICES
Training

Factory training can take many forms, from technical training through maintenance training. As a world leader in valves, actuators, and controls Pentair has the knowledge and skills to provide you with the best training available on Pentair and Pentair-like products. The core-competencies of Pentair include:

- Actuators (Electric, Hydraulic, and Pneumatic)
- Ball Valves
- Butterfly Valves
- Check Valves
- Controls
- Gate Valves
- Globe Valves
- Knife Gate Valves
- Positioners
- Pressure Relief Valves
- Rotary Process Valves

Talk with Pentair about the training that is available. Or, if needed, Pentair can customize training to your particular needs. For training, look to the experts.
