

ABOUT MAPS

Mortgage & Asset Protection Services

The Alliance Group is the parent company of MAPS, and has been in the mortgage protection and Living Benefits life insurance market since 1998.

WE'VE been the industry leader in marketing these Living Benefits products, but when the housing crisis hit, Alliance refocused our recruiting efforts into more advanced markets, like Small Business Preservation, estate planning, Section 79, etc., all featuring Living Benefits.

In 2014, the mortgage market continued to recover from the housing crisis of 2008, and looks primed to make a full recovery over the next several years. Alliance Group is ready to get back into what they built their company on – mortgage protection plans with Living Benefits.

That's where you come in!

MAPS offers you the very best Living Benefits products on the market. Those products will instantly distinguish you from any competition you may have. We

also provide the very best training and support in the industry, and the best commission rates you'll find anywhere. Our leads program puts you in front of local clients who are already informed on what you're offering and are ready to see you.

When you put it all together, the MAPs opportunity is a special one, and unlike anything you'll find in this industry. We're ready to take over the world, and we're glad you've decided to be a part of it!

Get your road map
for success.
