

Tru-Flex® inner core

G-Force™ woven fibers

Patent Pending Construction

**THE HYBRID HOSE THAT ELEVATES THE ADVANTAGES OF TWO HOSE TECHNOLOGIES.**

**1. THE DURABILITY OF A VINYL HOSE**

- Engineered high density G-Force™ woven fibers offer durable, long lasting wear equal to commercial grade hoses.
- 600+ psi burst rated.
- Consistent, high flow equal to a conventional 5/8" hose.

**2. THE EASY HANDLING OF A FABRIC HOSE**

- Tru-Flex® pliable inner core prevents kinking
- Remains flexible and easy to maneuver, even in cold weather down to 35 degrees.

Drinking Water Safe

Lead-free complies with Consumer Product Safety Improvement Act

Non-marring outer cover glides easily over surfaces.

Coils easily for carrying and storage
