You're looking at the perfect medical insurance plan for your pet

The Trupanion policy is more than pet insurance. See why we're better.

What We Do

- **Do** give you the power to pick what you pay by choosing a deductible you're comfortable with. No matter what you pay us, you get the same great coverage.
- **Do** have common sense pricing. We use real data to determine your custom premium.
- **Do** cover veterinary costs for conditions that aren't pre-existing, such as:

- Hospital Stays
- Diagnostic Tests

What We Don't Do

- **Don't** have hidden exclusions. What you see in the Trupanion policy is what you get.
- **Don't** raise rates just because your pet has a birthday.
- **Don't** impose limits or caps on your coverage. Whether it is \$100 or \$100,000, we will pay 90% of your vet bill
- **Don't** drop your coverage — for filing claims, for having an unlucky pet, for any reason at all.
- **Don't** have an application process or

- Surgeries
- Medications
- **Do** make claims quick and easy and can even pay your veterinarians directly so you're never left out of pocket
- **Do** provide 24/7 access to our pet experts
- **Do** not have underwriters check your pet's medical records to ensure coverage. Why would we need to do that?
- **Don't** share your information. It's not ours to sell. Makes sense, right?

The health of cats and dogs is our only focus, and we pride ourselves on being experts in everything we do. See how other providers stack up.
