Description:

We challenge your school to rally the best Overwatch players on campus to participate in a 7-week league for a shot at over **\$100,000** in scholarship prizing! The tournament will be split into four regions, and the champion from each region will advance to the live finals in January!

Each school can only field one team for this tournament. To support your school finding the best players, we encourage you to designate an [Official Coordinator](#) who will help organize your team's roster, schedule practices, and work with Tespa to ensure your team represents the full strength of your school.

Schedule

The competition will consist of a **5 Week Group Stage** where schools will play 1 match per week. Schools' with a positive win/loss record (3-2 or higher) will advance to the **Single Elimination Regional Playoffs** seeded by their performance in the Open Season. The champion from each of the four regions will advance to the Live Finals in January.

Registration

Team Registration ends on **September 30th, 2016** at which point teams will be added to the brackets for the first week of play. Teams can add new players and edit their lineup for the first 5 weeks of group stage play.

Broadcast

If you'd like to tune-in to the awesome matches being played, we will be broadcasting every Wednesday and Thursday on our Twitch Channel! Check out our [Competitive Programs Reveal](#) for a more detailed livestream schedule.
