

**DENTAL FRESH
ENZYMATIC DENTAL GEL FOR DOGS
WITH 7-ZYME™**

Dental Fresh® Enzymatic Dental Gel with 7-Zyme™ 7-Enzyme Proprietary Blend effectively cleans teeth while actively reducing germs in the mouth that cause bad breath.

Gently whitens teeth and reduces plaque & inflammation. Clinically proven to heal oral wounds.

7-Zyme™ attacks the cell walls of mouth bacteria, depriving them of the oxygen and iron needed for survival and proliferation.

Clinically Proven to Prevent & Reduce:

- ✓ Bad Breath
- ✓ Tartar
- ✓ Plaque
- ✓ Gingivitis
- ✓ Periodontal Issues
- ✓ Also, Whitens Teeth

Saliva activates 7 enzymes to destroy bad breath causing germs & bacteria. Safely helps fight periodontal disease without adverse effects on mouth tissue.

For Optimum Oral Health: Saliva production activates enzymes, which maximizes effectiveness.
