File sales tax returns in 3 easy steps

1. Connect to data

Bring your transaction data into TrustFile by connecting directly to your selling platform or importing a CSV file.

2. Take a break

TrustFile will prepare your sales tax data for filing. Go grab a cup of coffee or read a book. You've earned it!

3. File returns

With your sales tax returns prepared, you're ready to file. Submit returns electronically or print completed paper forms.

Tax compliance done right

The screenshot shows the Avalara TrustFile interface. At the top, there's a navigation bar with 'Avalara TrustFile' logo, 'ADMIN' link, 'Help' button, and 'Hello, Max Power' greeting. Below this is a secondary navigation bar with 'CURRENT RETURNS', 'STATES & HISTORY', 'TRANSACTIONS', and 'SETTINGS'. The main content area has three tabs: 'Transactions' (selected), 'Sources', and 'Activity Log'. Under 'Transactions', there's a 'Connectors' section with an 'Add a Connector' button and a grid of connector logos including Amazon.com, eBay, Etsy, FreshBooks, PayPal, PrestaShop, Intuit QuickBooks, and Xero. Below the logos are lists of other connectors like Big Cartel, Weebly, etc. To the right is a 'Files' section with an 'Upload' button and a list of CSV files. Each file entry shows the filename, upload date, and a summary table of SALES, TAX, and TOTAL values, along with a 'View Details' link and a 'Delete' button.

Connect TrustFile directly to your tax data.

TrustFile has prebuilt integrations into many ecommerce and accounting platforms including Amazon, Shopify, Weebly, Woocommerce, and Xero. Don't see your platform? Data from any platform can be imported in CSV form.

If you're a developer, TrustFile also has an easy-to-use API that makes building new integrations quick and easy.

Below this is a header with 'CURRENT RETURNS', 'STATES & HISTORY', and 'TRANSACTIONS'. The main content area is titled 'Company Setup' and 'File'. Under 'File', there are sections for 'Due Now' and 'Due Later'. The 'Due Later' section contains two entries: 'Georgia January 2017 Annual / Sales Tax' with a tax accrued amount of 6,211.91, and 'Idaho January 2017 Annual / Sales Tax' with a tax accrued amount of 154.89. Each entry has a 'View' button and links to 'Add registration info' and 'Add remittance account'. On the right side, there are sidebars for 'Transactions and Sources', 'Filing' (showing 0 credits needed and 4 available), 'FAQs and Help', and 'Admin Menu'.

Let TrustFile automatically prepare your returns.

Don't waste time looking up specific sales tax rates. TrustFile will automatically prepare your sales tax returns. No manual work required. No more time spent working with spreadsheets.

This is time you get back to add value to your business. Take advantage of your new found freedom.
