Thereafter, the monthly price increases by \$30 in the second year and then \$20 in the third year until the fourth year, when each service will begin to be billed at its standard rate (currently \$209.98 for all three services). **All Packages:** If you cancel any of the services in the packages, standard rates will be charged for any continuing services. Package prices do not include standard installation fee (\$69.99, more if special work needed); a one-time \$10 activation fee, or other one-time fees that may apply because of options you select. Prices also do not include the following recurring monthly charges: (i) modem fee, currently \$10; (ii) regional sports network surcharge; (iii) local broadcast station surcharges; (iv) taxes, franchise fees and other amounts required by law to be collected or paid; or (v) fees for optional services or equipment you may want. All of these monthly charges may increase from time to time; surcharges vary depending on location and may increase due to programming cost increases. After the first year, if our standard rate for any service in your package that is not free increases or we institute a new fee for service subscribers generally, we can pass that increase or new fee along to you. **SHOWTIME offer:** Showtime included at no additional charge for six months; after that, if you continue the service you will be charged our standard rate, currently \$14.95 per month. **Internet Service Usage Allowance & Speeds:** Internet 100 is subject to a usage allowance of 1,000 gigabytes per monthly billing period.
