What it is:

A fast-acting, medicated 10 percent sulfur treatment mask that helps fight multiple forms of acne while preventing future breakouts.

Solutions for:

- Acne and blemishes
- Pores
- Oiliness

If you want to know more...

Saturn Sulfur Acne Treatment Mask contains maximum levels of sulfur to penetrate pores to dry and clear up existing acne while preventing new blemishes from forming. It treats multiple forms of acne, including blocked, congested pores, inflammatory acne, hormonal acne, and acne rosacea. Four percent niacinamide promotes clear skin, while boosting skin's healthy-looking radiance. Zinc PCA and bentonite clay help to clear impurities, reduce excess oil, and soothe the appearance of surface redness, without over-drying. Highly potent tea tree oil, standardized for high levels of terpinen-4-ol, partnered with manuka oil, purify the skin for a smooth and clear complexion after each use.

What it is formulated WITHOUT:

- Parabens
- Sulfates
- Phthalates
