optOn is an app-based insurance product targeting rideshare drivers. This mobile application offers easy-to-use, on-demand insurance coverage for rideshare drivers across all rideshare driving periods.

optOn recognizes that rideshare drivers have unique insurance needs. Personal auto insurance policies might not cover drivers or their vehicles during trips. Rideshare drivers, especially those that drive part time, also need flexibility. Coverage with optOn can be selected in 4-hour increments, called micro policies, allowing drivers to only pay for rideshare insurance when they're rideshare driving.
