Meeting Highlights

- 09:45 **Note** One way to do that is through using the voice command that says okay Eva take a note that we exceeded our goal by 10% Thanks Eva.
Created from a voice command
- 07:20 **Note** Okay, Eva create a card to email the contract to John. Thanks Eva.
Created from a voice command
- 06:47 **Note** I'm hesitant to open up my trailer because got all my personal stuff in it he's our way you want me to like highlight fellows or all of them is our way to show those or do you just want to have those kind of in passing by you'll need to show those on screen the hard thing I mean this is maybe **we should** just talk about the right way to do this because what it does it's going we're trying to demonstrate a voice command that takes place and does something and another other part of

eva

is highlighting

So as an example, okay, Eva schedule a follow-up meeting at 3 p.m. Next Wednesday

End Highlight
or say, "Thanks EVA"

Meeting Highlights

- 10:38 **Note** Transcription in progress...
Created from a voice command
- 10:33 **Note** I'll even highlight as a note and it's going to show up in your highlight reel accordingly so we just give it a second there it is on the right hand side says okay Eva **take a note** that we decided exceeded our goal by 10% so you can see that it's popped up over here already we could do the books around that to and highlight it to Yeah Yeah that works so let's see the next one is scheduling through voice command
- 09:45 **Note** One way to do that is through using the voice command that says okay Eva take a note that we exceeded our goal by 10% Thanks Eva.
