Academic excellence and student success are top priorities at Towson University. Whatever your career interests, our undergraduate and graduate degree and certificate programs are designed with your needs in mind.

Small class sizes, inspiring faculty and interactive learning experiences are hallmarks of a TU education. You'll work with internationally known authors, scientists and artists, including Nobel Laureates, and Guggenheim and Fulbright Fellows.

Towson University puts the tools in your hands to support learning and scholarship through its [Cook Library](#) online and on-site services, including more than 200 computers, viewing and listening rooms, scanners and printers.

All academic programs are firmly grounded in the liberal arts, complemented by opportunities for [community service](#), [civic](#)

Engaged Learning Opportunities

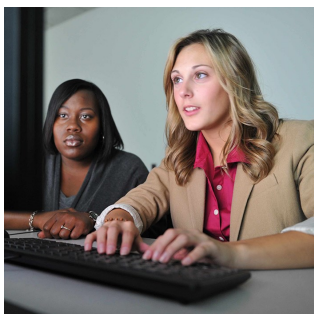

There is no substitute for experience. At Towson University, you'll have many opportunities to gain real-world experience to complement your learning in the classroom. Each year, more than 5,000 students earn college credit for internships or experiential learning courses. Many others pursue non-credit internships in their fields through our strong network of regional private, public and nonprofit organizations.
