### Tomatoes, Tomatoes, Tomatoes !!

★★★★★

neiderer 07-13-19

"Wow... I used Natures Bounty for the first time this year and I cannot believe how many tomatoes are on my plants! Due to this success, I decided to try it on my indoor plants that were looking a bit sad due to summer heat. Not anymore though...all my plants are flourishing and better then I have ever seen them."

### GREAT PRODUCT

★★★★★

Karmal7 06-03-19

"This is my first time using this product. I used this on all my plants once every 7 to 10 days. My flowers have never looked this good. They doubled in size and the colors are so bright and beautiful. Sooooo Happy."

### LOVE THIS!

★★★★★

SmurfyGal 05-03-19

"I have been feeding this to all my plants indoors and out. I used it on everything I planted this year. I soaked all my bare roots in it with amazing results. Everything is thriving and happy. That makes ME happy!"

### Just starting to use

★★★★★

Sweetpea 05-02-19

"I've only used this two times so can't tell what results I will see yet. Hope to update later. I was disappointed no measuring spoon in the package like other fertilizers supply. Also I had already purchase miracle grow bloom and it's the very same at a fraction of the cost so not sure I'll reorder. I am testing some plants that are identical with each product so I'll see."

### Best Fertilizer

★★★★★

Sandust 05-30-19

"I have used Roberta's fertilizer for years and as far as I am concern, it is the best. The plants flourish and look awesome. I highly recommend this product."

### What a difference!

★★★★★

schas15 05-16-19

"I am one of those people that never thought to fertilize my plants. I have thrown away so many house plants because they just stopped blooming. I got me some of this fertilizer and I am just amazed! My plants look so amazing. I have flowers now! I will never go without this."

### SO FAR SO GOOD

★★★★★

"Been using for about a month and so far so good. The house plants that looked tired are coming back to life. I've cut back on feeding the house plants from once a week, to once every two weeks. Some of the leaves were starting to burn. Will continue to use and purchase more."

**Dissolves instantly and plants love it!**

"I must say that I am so impressed at how this fertilizer dissolves instantly in water. I use a 1 gallon empty distilled water container so that I can easily get the perfect fertilizer/water ratio and also easily measure how much each plant receives. I love the high percentage of ingredients in this formulation and my plants are thriving with this. I ordered another bag to take me through the summer....."
