Feedback

Prices are displayed in US dollars for consistency. Elsevier journal subscriptions are billed in specific currencies depending on the geographic location of the subscriber: euro for subscribers in Europe, yen for subscribers in Japan and US dollars for subscribers in the rest of the world.

Taxes and special rate discounts will be reflected in the final price charged to your credit card. Any special rate discount or VAT tax exemption must be verified before it can be applied.

Please note that all items in this order must be shipped to a single address. If a region has already been indicated, that region will apply to all items in your shopping cart. You will not be able to add subscriptions shipped to two different geographical regions to your shopping cart. If you need to ship orders to multiple addresses, please place two separate orders.

Student Subscriptions: To ensure you are provided the student price, a copy of your valid student ID is required in order for your student subscription to be processed.
