

FORESIGHT™

Corporate Governance Software

Improve board effectiveness and decision-making with the first end-to-end corporate governance software solution.

FORESIGHT

Be Ready For What Matters™

FORESIGHT: Be Ready For What Matters™

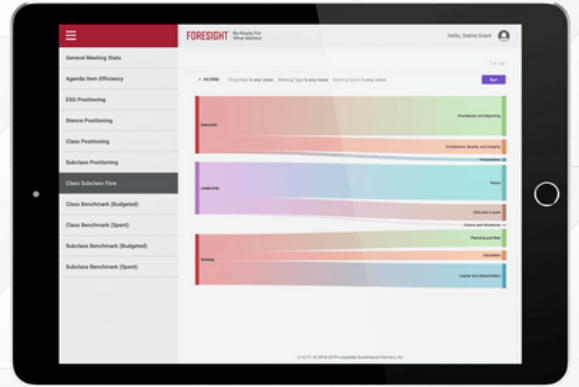

Powered and supported by our resident corporate governance expertise, FORESIGHT™ helps senior legal and C-suite executives, and lead directors and board chairs set and execute board and governance priorities, spur growth, exercise effective oversight, monitor performance and support well-informed decisions.

Move forward with confidence

FORESIGHT provides you a framework to:

- Simplify your board planning and ensure compliance
- Prioritize board discussions
- Elevate board performance

FORESIGHT aligns each agenda item and decision point with compliance requirements and curated current, targeted and contextual information. The software informs timelines for important board meetings and activities, offers peer benchmarks and drives board efficiency and effectiveness.

Focus on what matters today, so you can be ready for what matters tomorrow.
