Fitness on Another Level

Skybox is a boutique studio delivering high-intensity total body workouts designed to make you stronger, faster, and more fit in every way. Our supportive coaches meet you at your level. Small group classes foster an encouraging team environment. Private training is custom tailored to your goals. All are welcome. No gimmicks. No attitudes ever. Just straight forward fitness in a positive environment.

We opened our gym as Switch in May 2016, and our #1 goal was to create a space that anybody would feel great working out in.

We're now called Skybox. And while we may not have a lot of fancy gear or flashy lights, our workouts are tough, our coaches are friendly, and our community is fun. You are welcome here.

Come experience Skybox...it's fitness on another level!

Serious Fitness. Monday through Thursday, we use a targeted approach to total fitness. By focusing on one area of the body per day, we're able to increase the intensity and give you proper rest before we do it again the following week. Weekends are total body days to work you from head to toe.

Serious Fun. Our coaches and members are a "work hard, play hard" group of people. We never take ourselves too seriously. We love a crushing workout, but we also love to have a good time. Live DJ workouts, Happy Hours, Brunch Workouts, and get-togethers outside of the gym are all part of the Skybox culture.
