A photograph of a forest path made of logs, winding through tall trees. The path is made of several large, light-colored logs laid out on the ground, creating a clear path through the dense forest. The trees are tall and thin, with a canopy of green leaves. The ground is covered in fallen leaves and some green grass. The lighting is soft, suggesting a shaded forest environment.

## CLARITY OF PATH AMIDST THE TREES

San Francisco-based investment manager Woodline Partners focuses on company-specific drivers that provide the most predictive path to alpha creation.
