We are proud to introduce the Compact Kite foil board.

This is a lightweight board that's great for travel foil boarding. At 4'8" it fits in a standard kite golf bag. We have solid Futures Foil inserts and a 3-fin thruster setup.

You don't need a large board to have fun in the waves! Featuring our Sensation™ Carbon construction with a full carbon wrap and Kevlar® rails, it is both lightweight and durable.

It is meant for riders of all sizes and skill levels.

The image shows a screenshot of the Instagram profile for 'steyensports'. At the top, there is the Instagram logo and the word 'Instagram', a search bar with the text 'Search', and icons for creating a post, liking, and a profile. The profile header includes a circular profile picture of a person kitesurfing, the username 'steyensports', an 'Edit Profile' button, and a gear icon. Below this, it shows '32 posts', '173 followers', and '394 following'. A red arrow points from the top right towards the '394 following' text. The bio reads 'Steyen Sports' followed by 'The finest Kiteboards and SUP's using our Sensation™ construction technology. Try a Steyen board today!' and the website 'steyen.com'. A 'Highlights' section is visible with a circular icon. At the bottom, there are navigation tabs for 'POSTS', 'IGTV', 'SAVED', and 'TAGGED'.
